Worship Round Up

Monday 12 October 2026

Today, Miss Dryden led whole school collective worship. She asked us to recall a previous worship that Caroline had led about prayer and what is prayer? As usual she introduced the slide along with the beautiful music that was playing as we entered the hall.

Jesus is the light of the world
and He's always with us!

She reminded us that 'prayer/pray' is what we call a conversation with God…and that even though God created the entire universe and has power over ALL things, he wants to have a relationship with US and wants us to know him.

She asked if we can talk to God at any time…or in any place…

She showed us this picture

And we learnt that one way we can pray is when we praise God….

A second way to pray is to repent…we all mess up… which means we turn away from God. When we repent, we ask him to forgive us…and we turn back to him…
The third way we can pray we can ask God for something
Yield- is what we do when we listen to what God says and obey him…no matter what we want

Miss Dryden had asked us to learn one of her favourite hymns (There are hundreds, thousands, millions of sparrows…) which illustrates how God knows EACH of us

And she finished invited us to pray:

"Dear God, thank you that no matter what mistakes we have made, every day is a gift and a chance to start fresh. Help us to look past appearances, welcome others who are lonely, and make choices we are proud of. Amen."

I say: Go and show God's love today.

You say: Through our words and through our actions.

Tuesday 13 October 2026

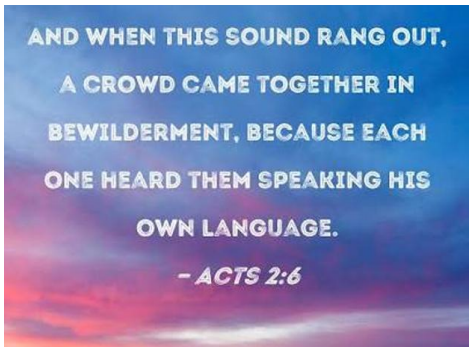

Mrs Lavelle led worship today about our country of the month – can you guess from these pictures, what our country is?

If you said Germany you, are you correct! Mrs Lavelle told us this interesting fact…

Mrs Lavelle then took us to the Bible where we looked in the book of Acts. We spoke about this quote…

Mrs Lavelle, ended with the thought of the day.

Thought for the Day:

God created people all over the world, and He gave us many different languages.

In the Bible, God showed that every language is special to Him. Learning a new language—like German—is like unlocking a secret superpower. It helps us make new friends and shows people that we care about their culture.

It create a sense of belonging just like when the Holy spirit descended in Pentecost and the people were able to understand the word of God.

Wednesday's Worship- 14 October

Today, our vicar, Caroline, led our Harvest worship at the church. It was a lovely service with children doing the readings and everyone pledging to do their good works.

Miss Pearce made a beautiful display at the back of the church and also reminded everyone to take a photo once they had completed their pledge.

Thursday's Prayer and Praise- 15 October

Mrs Philcox practised The School Rules Song, Conkers (as they had all been a little sad we hadn't sang it at the Harvest service), and Hundreds of Sparrows, thousands, millions…

At the end she shared prayers from the Faith Team.

Friday 16 October- Celebration Worship

Miss Dryden led celebration worship today and the Y6 House Captains told us about two exciting art competitions that we could enter. They suggested that half-term would be an excellent time for us to do this, when we had time to design and colour.

The children who received a certificate today showed and explained their work and the families and school clapped their applause.
